32. Which products may need quality improvements?

Ceramide Moisturizer. (It has the highest return count despite moderate sales).

Executive Summary (Common Questions Answered here)

33. What are the top 3 revenue-driving categories?

Serums, Moisturizers, and Sunscreens.

34. What are the top 5 revenue-driving products?

Alpha Arbutin 2% Serum,
10% Niacinamide Face Serum,

Vitamin C 10% Face Serum,
Hyaluronic Acid 2% Serum,
Hair Growth Actives Serum.

35. What are the biggest causes of revenue loss (returns)?

The sheer volume of returns for the top-selling **Alpha Arbutin 2% Serum** and the heavily returned **Ceramide Moisturizer**.

36. Which customer segment is most valuable?

The **Adults** segment. They generate nearly double the revenue of the next highest demographic (Youngs) and place the highest volume of orders.

47. What actions should management take to increase growth?

- **Marketing:** Heavily promote the "hidden gems" like Vitamin B5 Moisturizer, which customers love but aren't buying enough of yet.
- **Product Quality:** Investigate the formulation, packaging, or customer expectations of the Ceramide Moisturizer and the Alpha Arbutin 2% Serum to lower their high return rates.
- **Targeting:** Focus ad spending on the "Adults" demographic (especially Females, who bring in the highest overall revenue), as they are proven to be the most lucrative and consistent buyers.
